**Ride your bike safely!** *by Lisa Jones, aged 12*

Riding a bike is a great way for teenagers like us to get around our town or village. It's also really good fun, and it's good for us too! But it's important to ride safely, because riding on roads with cars can be dangerous. When you ride your bike, always wear a helmet. It will stop you getting hurt if you fall off and hit your head. Often, it's not easy for car drivers to see people on bikes. Wear a bright jacket so everyone can see you. Also, if you ride when it's dark, make sure you've got good lights. You need a light on the front of your bike, and a light at the back. Ride safely – and have lots of fun!
